

THE BIG ASK

During our mini-series on Building Blocks we looked at the need to build healthy teams in the life of the church and how we need to build teams to support the practical needs of Jubilee Church, particularly to support our Sunday morning services.

As a church we need to take a moment to do a baseline reset and launch a recruitment campaign to make the BIG ASK for help across all our teams.

We are passionate about God's church, loving one another and our guests.

We will be providing more detailed information about what's required in helping on these teams but to summarise the areas we really need your support are listed overleaf. Please do consider which team(s) you would be willing to sign up to help with.

We are so grateful to all those who serve and support the life of the church. Thank you!

Furniture

We want to bless each other, and our guests, with the comfy chairs rather than the blue plastic ones which for some of our folks are uncomfortable/painful without a cushion. However, they are heavier and require setting up by carrying multiple stacks from the cupboard. We want to build a team of able bodied individuals who can help do this on a rota basis across the month.

Refreshments

We love having a choice of hot beverages after the service (possibly with a little post-service pick me up snack!) it's a great way to express our welcome and hospitality to guests, encourage fellowship and deepening of friendships. This time is so crucial to allow the church to stay connected beyond our midweek groups. We currently have two lovely teams that serve and provide every other Sunday - we want to see this grow to enough teams to cover the whole month.

Production

We love being able to worship together and for all to be able to hear the word, worship, prayers and prophetic messages. We currently have a small team but need extra hands - there is a level of technical understanding that would help but the team are willing to support and train individuals. It's been wonderful to see some of our youth offer their help to serve the rest of the church in this area.

Welcome

We love being a church who collectively welcome and help people feel that they can connect and belong here within our community. We want to build our Welcome Team who provide that crucial first smile and greeting to someone who's part of our church family or visiting for the first time.
